

# The Growing Brain: Everyday Play

**Earn 3 STARS Hours!**

## About the Training

Children learn through relationships, their environment, and their ability to explore the world around them through play. In this training, we will explore what everyday play looks like with young children. We will go through the developmental stages and types of play that unfold in early childhood, look at the role of the brain in this process and how to maximize children's learning through play. We will have time to reflect, share and engage in what it looks like to provide many opportunities for children to play in your programs (indoors and outdoors).

December 7, 2024 1:00pm -  
4:00pm

Mount Vernon CCA Training Room  
415 W. Gate Street  
Mount Vernon, WA 98273

Trainer: Julie Wasilewski
