About Our Services:

A Child Care Choice (CCC) Navigator will: help locate a child care program that meets your family's needs; identify additional needs your family may have (and in doing so, connect you with equitable resources); determine if you are eligible to receive short-term child care tuition assistance; support you in applying for Washington's Statewide Child Care Subsidy Program, *Working Connections*; and much more!

To be considered for short-term child care tuition assistance through Child Care Choice (CCC), you must: live within Snohomish County limits, meet income eligibility requirements, AND be job-seeking or enrolled in a job-training program.
